Classroom teachers strive to encourage, support and challenge students in ways that will promote individual growth. By year end students are prepared and ready for a seamless entry into a 4's classroom the following school year. This program is a tuition based program with full and partial scholarships based on income. (See page two for childcare options.)

Through mentoring and a variety of activities, students are not only equipped to handle the transition to college, but they learn to be productive, socially responsible citizens. Beginning in their freshman year of high school and continuing through college graduation, students gain a variety of experiences that allow them to get the most out of their journey. COP activities include academic support, travel, cultural exposure, volunteering and social development. Each high school class experiences a week long summer trip each to help solidify the lessons they learn throughout the school year. Student trips include *Adventure and Personal Growth*, College Tours and *New Horizons Exploration*. Students in 8th grade and/or the first semester of their freshman year of high school are encouraged to contact Haley Northup at (989) 832-3256 or northuph@wmfc.org for more information.
