

Continuity of Learning Plan 2020

West Midland Family Center

Bullock Creek Community Preschool

West Midland Family Ctr. Floyd Elementary (Floyd Community Preschool)

St. Louis Community Preschool

Shepherd Community Preschool

1. All families were offered a survey of needs that has helped our programs develop the best way to interact with each family during this Stay Home Stay Safe order. This survey included questions on the family needs based on food, connectivity and overall mental and physical health.

All members of the teaching team will interact with the children and families through emails, the Remind app, Zoom meetings and USPS, as the family has requested. Reading daily is emphasized with each family. Children and families are offered a face to face meeting at least once a week and are sent electronic offerings throughout the week for daily activities that families can utilize, as wanted. Each teacher has hours set aside weekly for families to contact them privately. Families will attend virtually or via phone an end of the year home visit/conference. This connection will include COR Advantage details, a look at the Preschool Progress Indicator and direction for transition to Kindergarten. It will allow ample time for the family to express any needs as their child continues at home learning.

2. GSRP funds will be used to continue to pay staff, purchase educational materials and/or physical delivery of items a family needs, as deemed appropriate.
3. Our program began reaching out to families on March 16, 2020 and will continue through May 28, 2020
